PUBLIC SERVICE
COMMISSION

RE: Formal Application to revise certain non-recurring charges.

This is an application to revise certain non-recurring charges for Powell's Valley Water District. Attached is the non-recurring charge cost justifications and the proposed new tariff sheets.

Powell's Valley Water District is not requesting a water rate increase at this time. However, increased costs attributable to certain non-recurring charges can no longer be absorbed by the District. The customers affected by these increases will be the customers that cause the District to incur these additional expenses.

The District has previously filed income statements and balance sheets with the Public Service Commission. These income statements and balance sheets are currently on file with the Commission.

The District will publish the enclosed public notice of these requested rate revisions in the local newspaper for three consecutive weeks. The first notice has already been published and the newspaper ad is enclosed. We will follow up with a filing of the second and third newspaper ads along with an affidavit from the newspaper verifying that the notice was published for three consecutive weeks.

A copy of this application and related filings has been sent to the Office of the Attorney General, State Capitol Building, Suite 118, Frankfort, KY 40601.

Very truly yours,

 , MGR.

The charges/rates contained in this notice are the charges/rates proposed by the Powell's Valley Water District. However, the Public Service Commission may order charges/rates to be charged that differ from these proposed charges/rates. Such action may result in charges/rates for consumers other than the charges/rates in this notice.

Any corporation, association, body politic, or person may, by motion within thirty (30) days after publication of this fee change, request leave to intervene; and the motion shall be submitted to the Public Service Commission, Post Office Box 615, Frankfort, KY 40602, and shall set forth the grounds for the request including the status and interest of the party.

Intervenors may obtain copies of the application and related filings by contacting the water district.

The Water District has available for inspection at its office the proposed changes to its Rules and Regulations. The office is located at 31 Adams Ridge Road, Clay City, KY 40312.

This notice is published pursuant to 807 KAR 5:011-Tariffs.

RULES AND REGULATIONS

E. Special Non-recurring Charges:

1. The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.
2. Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.
3. The utility will assess a charge for the following non-recurring services:
 - a) Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, temporary service, or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.
 - b) Field Collection Charge: Will be assessed when a utility representative visits the premises of the service connection to terminate service, and the customer is on-site and pays the bill to avoid termination of service. This fee may only be charged once per billing period.
 - c) Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes.
 - d) Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the actual costs

incurred, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.

- e) Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.
- f) Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
- g) Reconnection Charge: Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of Utility or Public Service Commission rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
- h) Returned Check Charge: Will be assessed when a customer's check is returned, either due to insufficient funds or other reason due to customer fault.
- i) Service Call/Investigation Charge: Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.
- j) Broken Lock Fee: Will be assessed when a customer breaks the lock off of a meter that has been locked by the District. The customer shall pay, in addition to this charge, the cost of any damage to the District's property caused by the customer in the process of cutting the lock.
